Part

Part 1-1

Component	Fixed Bracket
Material	5052Al
Quantity	1

Part 1-2

Component	Clamp
Material	5052Al
Quantity	2

Part 1-3

Component	Module Bolt(M6)
Material	AISI304
Quantity	2

Step1.

Attach the PV module to the mounting bracket using the clamps, bolts, washers and lock washers provided. We suggest you lubricate all nuts and bolts to facilitate easy removal at a later date.
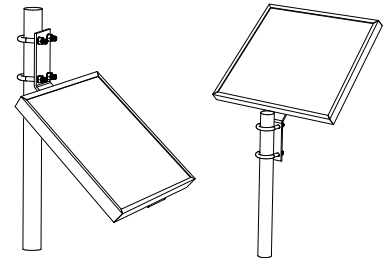

figure 1

Step2.

For pole mounting, use U bolts or steel clamps to fix the PV module and mount assembly to the pole. **See figure 1.** The U-Bolts and/or steel clamps are not included in the kit.

Note:

For vertical wall mounting, drill holes on the mounting place to be installed according to size of the fixed bracket. Embed four molly bolts into the mounting surface. **See figure 2.**
Use washers and, lock washers and nuts to secure the PV module and mount assembly to the wall surface.
